

The Oxford Collection is a well established classic that has been a firm favourite over many years. With its robust construction and quality materials - finished in the classic cherry colour with a choice of two different handles - it is a combination that is hard to beat!

All drawers now have strong metal runners. Optional curved upstands provide a stylish finishing touch. The Oxford Collection is manufactured using 100% New Zealand made MDF and finished in a durable glossy laminate. These choices mean materials are totally renewable and preserve our country's valuable natural resources.

Available in your choice of either

Contemporary matte black ringpulls and tapered feet.

Traditional turned drawer knobs and feet.

Made right here in New Zealand - in the Northland town of Dargaville - the Oxford Collection has distinctly Kiwi origins.

This collection carries the hallmark of the quality and service of a firm with a family history of furniture manufacturing for over a decade.

Compac Furniture's vision is to provide you with modern and eco-friendly furniture at an affordable price.
